We have given a measurement chart for you to follow. Each garment ordered through this catalog is based on this chart.

Bust: With arms relaxed at sides, measure the fullest part of Bust. Keep the measuring tape parallel with the floor.

Waist: Measure around the smallest part of the waist. Do not measure over clothing.

Hips: Measure the fullest part of the hip.

Girth: Take the measuring tape from one shoulder to under the crotch and back to the same should to determine the girth.

NOTE: Please follow the measurement chart and if all the measurements do not correspond to a given size, the girth measurement should be used as the deciding factor.
